

EUROSEDIA. Lavorare in casa: tendenza sempre più diffusa, favorita dalle nuove tecnologie e dalla "delocalizzazione" crescente del mercato del lavoro. A casa ma anche in ufficio, per chi lavora Eurosedia presenta una linea completa e variegata di sedie e poltrone. Professionali, con fantasia.

EUROSEDIA. Working from home: an increasingly common trend, thanks to new technologies and to the growing "delocalisation" of the labour market. At home but in the office also, Eurosedia offers workers an exhaustive and variegated line of chairs and office armchairs. Professional, with imagination.
