SALDATURA - WELDING

SCHWEISSEN - SOLDADURA - SOUDURE

Nell'esecuzione di inferriate e cancellate, le saldature devono essere eseguite in posizioni nascoste e a piccoli punti. L'insieme risulta così piacevole esteticamente e le piccole saldature non deformano i pezzi o l'intera struttura.

When manufacturing grates and gates, welding must be very small and done in hidden points. The final aesthetical effect obtained is very pleasant and the small welding points do not deform neither the single component or the complete structure.

Schweißungen bei Eisengittern und Gittertoren müssen an nichtsehbaren Stellen und mit kleinen Sweisstellen ausgeführt werden. Die Gesamterscheinung is so ästetischer und die kleinen Schweißstellen verunstanalten Einzelteilen oder die gesamte Struktur nicht.

Para realizar rejas y verjas, las soldaduras tienen que ser hechas en posiciones escondidas y en pequeños puntos. De esa manera el conjunto resulta esteticamente agradable y las pequeñas soldaduras no deforman ni las piezas ni toda la estructura.

En la réalisation de grilles et portails les soudures doivent être cachées et faits par petits points. L'effet qu'on obtient est esthétiquement agréable et les petites soudures ne déforment pas les pièces ou la toute la structure.
